Model No. XR17200

- Slide-In Design
- Customer-Defined Features:
  - Grill flush to counter
  - 2-Burner Cooktop
  - Increased burner distance from rear wall
- Two Gas Cooktop Burners
  - 6,500 BTU and 9,000 BTU
- Gas Oven Burner
  - 7,100 BTU
- Stainless Steel Door Handle
- Cast Iron Cooktop Grate

Customer-preferred quality means more for your money – and having what were once custom features now being standard, including: the flame-failure shut-off safety feature, a convenient Piezo oven ignition, sealed burners and a premium Cast-Iron Grate. The two burners away from the rear of the cooktop gives you a more flexible installation.

  - Increased burner distance from rear wall
- Two Gas Cooktop Burners
  - 6,500 BTU and 9,000 BTU
- Cast Iron Cooktop Grate

CSA Approved!
## Features

<table>
<thead>
<tr>
<th>Feature</th>
<th>Competitive Advantage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oven can be flush mount</td>
<td>The vehicle’s countertop cutout can be recessed so that the Thetford oven and grate are flush with counter surface.</td>
</tr>
<tr>
<td>Counter space increased</td>
<td>The Thetford grate provides 2.5+ square feet of additional countertop space.</td>
</tr>
<tr>
<td>No extra components required to cover the cooktop</td>
<td>Competitor covers must be purchased separately, increasing cost and parts.</td>
</tr>
<tr>
<td>Burner grate rattle eliminated</td>
<td>Thetford’s cast iron grate is mounted so that it does not rattle during coach travel. The competitive grate has an annoying rattle during vehicle motion.</td>
</tr>
<tr>
<td>High-quality metal handle</td>
<td>Projects a much higher-quality look and feel. Competitive handles are molded as part of a plastic door cap.</td>
</tr>
<tr>
<td>High-end concealed control knobs</td>
<td>Valve stems are visible on competitive units and spills can enter control area around valve stems.</td>
</tr>
<tr>
<td>Cleanability</td>
<td>Spills cannot easily enter below burner heads on Thetford model. The competitive opening is much larger and not sealed.</td>
</tr>
